LEARNING SUPPORT ADVISING – Overview

Per a system-wide change in all TBR schools, Learning Support will no longer be offered in a pre-requisite format. The only exception is for students whose applied or technical program does not require college-level reading, writing/English, and/or math (see p. 18 of this handbook for a list of these programs). All other students who test into Learning Support will take a Learning Support class numbered 0815, 0825, 0835, or 0845 along with the designated co-requisite college-level class.

Please refer to documentation that follows for specific information about co-requisite Learning Support. It will help you as you go through these steps.

Step One – Use myNSCC to determine a student's test scores.

Step Two – If a student's ACT scores are close to qualifying him/her to take college-level courses with no Learning Support, suggest that s/he take the COMPASS test again. Direct student to the Testing Center, specifying that students cannot take the COMPASS test more than two times.

Step Three – Enroll student in co-requisite Learning Support courses as necessary.

a) The student must enroll in a section of 0815, 0825, 0835, or 0845 and the co-requisite college-level class **_at the same time_**. Banner is not programmed for a student to enroll in one of these numbered courses and then the college-level class because of the co-requisite feature.

b) Keeping in mind the TBR suggestion that literacy be remediated first, we will need to advise students with the following pathways in mind for students who are Level 1 in both reading and writing/English, that is, who need Learning Support for both:

   - **If a student can take only six hours,** s/he will need to enroll in READ 0815 and one of the following: ART 1030, ARTH 2010, ARTH 2020, MUS 1030, or THEA 1030.
   - **If a student can take only nine hours**, s/he will need to enroll in READ 0815, ENGL 0815, and ENGL 1010.
   - **If a student can take twelve hours**, s/he may enroll in READ 0815, ENGL 0815, ENGL 1010 and one of the following: ART 1030, ARTH 2010, ARTH 2020, HIST 2000, HIST 2010, HIST 2020, HIST 2030, MUS 1030, PSYC 1030, PSCY 2000, PSCY 2110, PSYC 2130, SOCI 1010, or THEA 1030.

c) If a student needs only reading or English/writing, **and** needs math, enrolling in a co-requisite pair of math classes is advisable. The student would need to be able to enroll in 13 hours.

See the next page for courses that require no prerequisites.

Courses that do not require prerequisites

NSCC offers some courses that do not have Learning Support prerequisites. Advisors need to consider, however, whether or not these courses will assist the student in completing a certificate or degree, as well as the availability of these courses on their campuses.

COURSE	CAMPUS – FALL 2015 (as of 8/13/15)
ACT 1391 History of Architecture	White Bridge (WB) only
ARTP 1010 Drawing I	WB only
