Course Information:

Course Title: Walking
Credits: 1
Class Hours: 2

Course Description:

A study and practice in maintaining personal physical fitness through walking. Topics include the effects of walking on the body.

Instructor Information:

Name:
Email:
Office Phone:
Office Location:
Office Hours:

Required Textbook(s) & Other Materials:

Textbook(s):
ISBN:
Access Code: (if applicable; delete line if not applicable)

Reference Materials: Before the course, please bring your resting heart rate. For three (3) days, right when you wake up, before getting up, take your pulse for 10 seconds, then times 6, and record the days. Then add the three and divide by 3 to get a pretty accurate resting heart rate. (Formula: pulse= 10 seconds x 6 = resting heart rate). Then, 3 days, (an example: 70 + 65 + 60 = 195 \ 3 = 65.

Supplies: Must sign waiver form for the course.

- a comfortable pair of walking or running shoes. You should be able to put your thumb in-between your big toe and the end of the shoe (you will avoid injury this way and lost toenails)
- sports socks that wick away sweat
- clothing suitable to varying weather (I suggest keeping packed a bag with gloves, hat, headband, vest or jacket, think layers - you want to start out cold, not toasty warm to walk)
• a water bottle filled with water - there won’t be water stops
• an umbrella or a water resistant jacket (I usually wear water resistant jacket and baseball cap for misty rain).
• bring your smartphone, your fitbit, your apple watch so you can count your steps (even a simple pedometer will work)

Once enrolled, all students should verify that they have the correct textbook and materials information by consulting the D2L/NS Online shell for the course. If you are registered with the Access Center and require an alternate format for the textbook and other course materials, please contact the Access Center at 615-353-3721, 615-353-3741, or accesscenter@nscc.edu.

Course Outcomes:
Upon successful completion of this course, students should be able to:

• Demonstrate an understanding of the value of aerobic exercise in the maintenance of overall health and reduction of risk for disease
• Demonstrate how to calculate a target training heart rate and explain how this correlates with “effort based” training.
• Explain the role of aerobic exercise in stress management, and lifelong physical fitness
• Explain how to design a safe and effective training plan, including basic principles of periodization and proper progression training
• Learn proper form of walking and to how to increase daily steps

Course Competencies:
The following are detailed course competencies intended to support the course outcomes:

The following are general education competencies intended to support the course outcomes:

Topics to Be Covered:
1. Warm up/cool down/stretch
2. Shoe and clothing selection
3. Calculating target heart rate: you must bring in your resting heart rate
4. Healthy eating habits
5. Outdoor walking posture/exercise

Course Assessments:
The following performance assessments will be used to demonstrate students’ understanding, knowledge, and skills: (include type and point/percentage breakdown here)

Grading Policy:
• 100% attendance and participation as follows:
Tests: to maximize health benefits and increase motivation, a non-graded pretest at the beginning of the semester will determine students’ personal benchmarks. A midterm and final physical evaluation will be administered to measure gains in fitness.

Activities and Participation: Everyone will be expected to participate in class. If slackness is noted and continued, your grade will be reduced at the Instructor’s discretion. This includes no use of cell phone or text messaging.

Students will be required to know their resting heart rate, record this, as well as their zone progression (Instructor will help with this assignment)

The instructor may give handouts and may do partial lectures from time to time so be prepared to participate.

Late Work Policy & Make-up Procedures for Missed Assignments and Work:
(Each instructor will provide policy)

Attendance Policy
Students are expected to attend all scheduled classes and laboratories. Absences in a course may affect a student’s final grade. The student is responsible for all assigned work in the course regardless of excused or unexcused absences. Tardiness may also affect a student’s final grade.

In online courses, attendance is signaled by logging on to the D2L/NS Online shell, participating as prompted (e.g., responding to an instructor’s email, posting to a discussion board) and/or completing and submitting assignments. Campus closures do not affect attendance and assignment completion in online courses.

(Each instructor will provide policy, especially how attendance influences student assessment and grading.)

Grading Scale:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Percentage Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>

</tr>
<tr>
<td>D</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td></td>
</tr>
</tbody>
</table>

FA
According to NSCC policy, if a student fails a course, but has not officially withdrawn from the course, and her/his last date of attendance is before the last date to withdraw (use date appropriate to your section), the student will receive a grade of FA (i.e., “Failure for Attendance Reasons”).

(While the above statement should appear in all syllabi, faculty are encouraged to make additional statements or provide examples that would clarify the policy for students.)

FN
An FN is awarded to students who never attended class.
Technology Statement
Nashville State's classes are considered to be web-enhanced. Faculty have an expectation that students will use a computer and the Internet to complete assignments, engage in online discussions, and access various course materials through D2L/NS Online course shells. Computers are available for student use at each campus during campus open hours.

D2L/NS Online and myNSCC
It is students’ responsibility to check D2L/NS Online course shells for all enrolled courses and myNSCC, including student email, on a regular basis. These are the official communication channels between the college and students, who are responsible for the information communicated through these channels. D2L/NS Online contains specific course information and myNSCC contains information important for other purposes.

ADA Compliance Statement
Nashville State complies with the Americans with Disabilities Act (ADA). If you require accommodations for any courses in which you are enrolled, contact the Access Center at 615.353.3741 or 615.353.3721, or e-mail accesscenter@nscc.edu. If you are registered with the Access Center and require an alternate format for the textbook and other course materials, please contact the Access Center.

Classroom Misconduct
Nashville State Community College has a zero-tolerance policy for disruptive conduct in the classroom. Students whose behavior disrupts the classroom will be subject to disciplinary measures. Please review the Nashville State Student Code of Conduct policy. Please be aware that children are not allowed in class or to be left unattended on campus.

Academic Misconduct
Any form of academic dishonesty, cheating, plagiarizing, or other academic misconduct is prohibited. Students are responsible for understanding and abiding by the Academic Misconduct Policy in the Nashville State Student Code of Conduct. In addition to other possible disciplinary measures that may be applied through regular college procedures as a result of academic dishonesty, the instructor has the authority to assign an “F” or a “zero” for the exercise, paper, or examination, or to assign an “F” for the course. Students may appeal through the appropriate college grade appeal procedures.

(Each instructor will outline his/her expectations for academic integrity and provide individualized information about consequences for academic misconduct.)

Academic Early Alert System
Nashville State Community College uses an Early Alert System to let students know of a faculty member’s concern in one or more of these academic areas: lack of attendance, lack of classroom participation, late or missing assignments, and/or poor performance on assignments/tests. *Please note that Early Alerts do not affect a student’s academic standing. If you receive an Early Alert email, please see your instructor and your academic advisor as soon as possible.
RAVE Emergency Alert System

Emergency events can happen at any time and Nashville State Community College wants to be able to notify students if and when they occur. For this reason, all students have been enrolled in the free RAVE alert system. If you have not already done so, please log in at https://www.getrave.com/login/nscc to confirm and update your contact information and notification preferences. It is critical that your information be correct so that you will receive any emergency notifications. Your RAVE Username is your NSCC email address. If you’ve never received an email from RAVE with your password, or if you need to reset your password, select “Forgot your password?” and a new password will be emailed to you. Should the RAVE system indicate “user not found”, select Register and create your own RAVE account.

Inclement Weather & Campus Closings

Nashville State will use the RAVE alert system to send a text message to students, staff, and faculty about adjusted hours of operation and/or closings at individual campuses. All students should check the Nashville State web site home page at www.nscc.edu for announcements on campus closures, which may vary from campus to campus. Campus closures will also be announced on local television stations. Students should use their own best judgment in determining whether to report to campus during inclement weather when classes are not cancelled.

Even when campuses are closed, students are still responsible for completing all assigned work. When classes are cancelled, faculty will post online assignments and any additional instructions in the D2L/NS Online course shell. Check D2L/NS Online for a message from your instructor regarding your online assignment requirements. Faculty have discretion over adjusting deadlines or due date for assignments, but students are responsible for completing all assigned work by the due date established by the instructor.

Class Cancellation Policy

If the class is cancelled, the instructor will notify all students by posting in the D2L/NS Online course, e-mailing through D2L/NS Online, and/or by posting a sign on the classroom door. In the event of class cancellation, students must access D2L/NS Online to complete classwork and the assignment that will be posted in the course D2L site.
ASSUMPTION OF RISK AND RELEASE

This is a legally-binding Release and Medical Consent made by me, __________________________________________________________, to Nashville State Community College. I fully recognize that there are dangers and risks to which I may be exposed by participating in Physical Conditioning during the _____________ semester. The following is a description and examples of significant, non-obvious dangers and risks associated with this activity: increased heart rate which can increase blood pressure, aerobic and anaerobic conditioning, weight-bearing and other modalities of weight bearing activities that can affect current shoulder, hip, etc surgeries. I understand the institution does not require me to participate in these activities, but I want to do so, despite the possible dangers and risks and despite this Release.

I therefore agree to assume and take on myself all of the risks and responsibilities in any way associated with this activity. In consideration of and in return for the services, the facilities, and the other assistance provided to me by the institution in this activity, I release the institution (hereinafter including its governing board, employees, and agents) from any and all liability claims and actions caused entirely or in part by any acts or failures to act of the Institution, including, but not limited to negligence, mistake, or failure to supervise by the Institution.

I understand that the institution does not have medical personnel available at the location of the activity. I therefore grant the Institution permission to authorize emergency medical treatment if deemed necessary by the Institution. I agree the Institution assumes no responsibility or liability for any injury or damage which might arises out of or in connection with such authorized medical emergency treatment. I further state that I have adequate health insurance necessary to provide for and pay for any medical costs that I may incur during or arising from my participation in this activity.
