ATTENDANCE/GRADE POLICY:
There is a strong correlation between regular classroom attendance and good grades. Students should understand that in order to receive a reasonable grade, they must regularly attend class. Students missing two consecutive unexcused weeks of class will be dropped from the roll, as well students who miss 25% of scheduled class periods. Students who fail to attend class will result in a final course grade of “FA” (failure, attendance related) or “FN” (failure, never attended class) depending on the instructor’s attendance policy. Attendance may be taken at the beginning of class, during class, or at the end of class. Students must be present at the time roll is called in order to be counted present. Students who are absent, and who wish to be excused for those absences, must provide written documentation supporting their non-attendance. Written notifications prior to scheduled absences are an important factor in determining whether an absence will be excused or not. There is no makeup work for absences, either excused or unexcused.

CHEATING/PLAGIARISM:
Plagiarism, cheating and other forms of academic dishonesty are prohibited.
- students found guilty of academic dishonesty, either directly or indirectly through participation or assistance are immediately responsible to the instructor of the class.
- possible disciplinary sanctions may be imposed through the regular institutional procedures as a result of academic misconduct.
- the instructor has the authority to assign a grade of F or zero for the exercise or examination, or to assign an F grade for the course.
