

LEVEL I FIELDWORK GRADING POLICIES

Each Fieldwork Level I syllabus includes the grading criteria for each Level I Fieldwork experience. Students must comply with ALL rules and regulations of the fieldwork site pertaining to attendance and behavior.

For courses having a Level I fieldwork component, students must satisfactorily complete the fieldwork component to pass the course, be placed at the next Level I Fieldwork and progress through the program.

LEVEL I FIELDWORK SITE EVALUATION

Level I supervisors are provided with a copy of the Professional Behavior Competency Document (PBCD) to provide assessment of the students progress in achieving the stated fieldwork objectives. After completing the PBCD, the original copy can be returned with the student after the fieldwork experience in a sealed envelope or mailed to the AFWC at NSCC.

Copy of the PBCD - see appendix

STUDENT EVALUATION OF LEVEL I FIELDWORK

See Appendix
