

## Importing from a Course Package

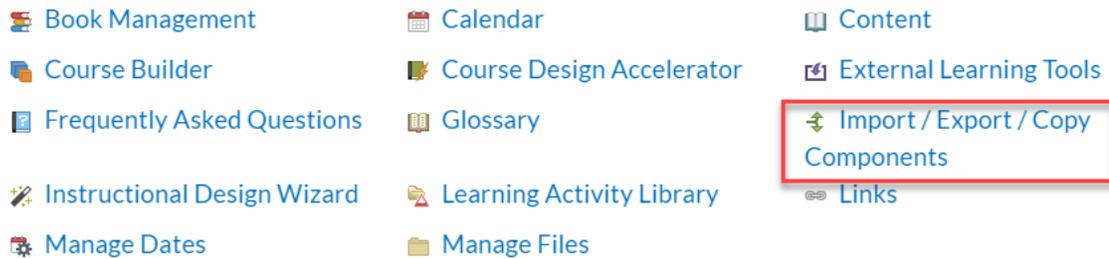

Before beginning this process, ensure that you have a D2L compatible course package available for import.

1. Enter the new course that you want to pull content into.
2. Click “Edit Course” in the navbar:

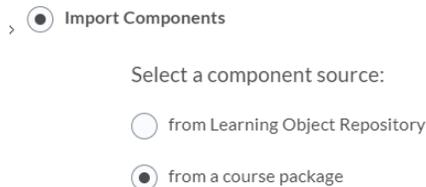

3. Click on the “Import/Export/Copy Components” link in the Site Resources category:

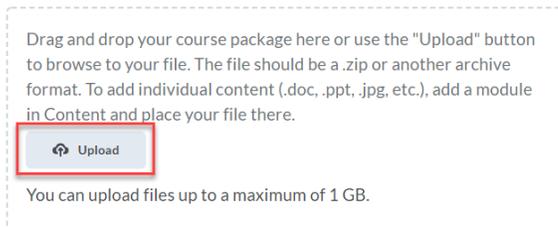

### Site Resources

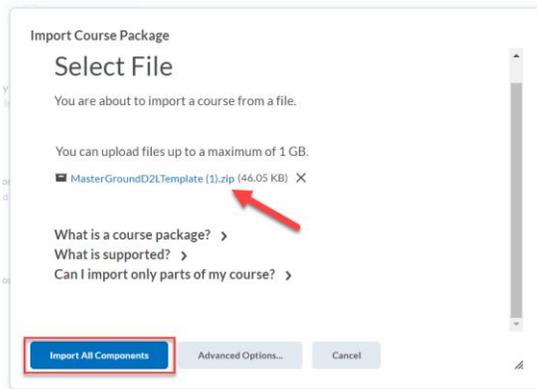

4. In the “What would you like to do?” section, select “Import Components.” Then select “from am course package”:

5. Click “Start”
6. In the “Select File” dialog box, click the “Upload” button:

7. Locate the file on your computer, and then click “Import All Components”:

8. Click “View Content” to verify the material has been imported.
