

Tuition & Fees Payment

Upcoming Semester Costs

How much NSCC costs fluctuates each semester. Be sure to view the information for the semester in which you are enrolled.

A \$25 late fee may be assessed if you have not fully paid your tuition and fees prior to the end of regular registration of the semester of your course.

Tuition and Fees are subject to change at any time by policy of the Tennessee Board of Regents. Fee schedules are published as changes occur. Fee increases are enacted by the Governing board and are normally implemented for the Fall Term.

If you have any questions about your in-state or out-of-state status, please contact the Bursar's Office.
