Instructor Information

Name: Michelle Wyatt, Ed D

NSCC email: michelle.wyatt@nscc.edu (prefer emails through D2L shell)

Phone/Teams/Zoom Link: 931-255-9256

Office Location: Off Campus

Office Hours: See Document in NS Online Content

For appointments: Please text 931-255-9256 (appts-evening only during the work week)

Course/Catalog Description

An exploration of the practices that early childhood professionals can apply to develop a more inclusive and accessible environment for all children ages birth through eight. Provides students with skills to include children of all abilities through appropriate arrangement of the environment. Topics include strategies for developing strong relationships with families and other community agencies. Field experiences required. **Prerequisite(s):** ECED 2320 or department approval

Course Delivery

Online: ECED 2360 is an online course in which most of the content and interactions will be accessed through the NS Online D2L course.

Credit Hours: (3 credits)

Prerequisites: ECED 2320 Infant, Toddler, Child Development

Course Policies

This syllabus sets forth the expectations for course content, work, and grading as well as expectations for student performance and conduct. The syllabus does not constitute a contract between the student and the instructor or the College. The information contained here is subject to change at any time. Students will be notified if any changes are made. Though changes are possible, it is expected that the course will be conducted as described in this syllabus.

Purpose of the Course

The purpose of this course is to prepare candidates for future professional practice in early childhood education that includes real world application that the course provides relating to creating inclusive, accessible early learning settings for each child. Each student is expected to actively contribute as individuals using online resources that will include communication, time management, and project management skills.

Structure of the Course

The course is designed for students to explore topics related to current practices and policies related to. Students will work through the course in modules that contain resources (assigned readings, videos, and website explorations) to support knowledge and understanding on a particular topic related to your work with children, families, and the community in an early childhood setting. Students will apply the content through observation activities, using teaching strategies, child portfolio project, and discussions. Module content will remain open and available throughout the course. There are no predetermined class meeting times, but students are expected to meet predetermined deadlines and communicate with the instructor, and peers regularly. All assignments due dates are listed on the class schedule linked in the Getting Started Module.

Required Textbook(s) & Other Materials:

Once enrolled, all students should verify that they have the correct textbook and materials information by consulting the D2L/NS Online shell for the course.

Require Materials:

Textbook(s): The Exceptional Child: Inclusion in Early Childhood Education (9th edition), Allan **ISBN:** 9780357630709

Other Materials:

Developmentally Appropriate Practices

DEC Recommended Practices

Advancing Equity Position Statement

Supplies: Access to a computer/laptop with internet access, and web camera.

Textbook Information

Before courses begin, you should make sure you have the correct textbook and materials for each course. You can look up your courses on the <u>bookstore's website</u> using your A# or by entering your course information.

Digital Course Materials (DCM):

To ensure the lowest cost for students, this course includes a materials fee. This means that some, or all, of the required textbooks and materials for this course are available through your *NS Online* course shell. When you register for this course, the charge will appear on your account. If you decide you do not want to purchase the course materials embedded in *NS Online*, you can opt out of the program until the end of the second week of classes. If you opt out, you will be responsible for obtaining the required course materials on your own. For more information, please visit the <u>NSCC Bookstore</u> at <u>www.nscc.edu/dcm</u>.

Accommodation and Accessibility Needs

If you are registered with the <u>Access Center</u> and require an alternate format for the textbook and other course materials, please contact the Access Center as soon as possible at 615-353-3363 or <u>accesscenter@nscc.edu</u>.

Honors Option

Honors credit is available in some classes. If you are interested in participating in the Honors Program, please contact your instructor within the first four weeks of class.

Learning Objectives (Course Level Learning Outcomes)

To successfully complete this course, the student is expected to:

- 1. Identify and reflect upon state and federal laws, litigation, regulation, and the rights of children and families, relative to the education of young children with disabilities. (6b)
- 2. Identify the characteristics and classification of developmental delays and disabilities. (1a, 1b)
- 3. Identify recommended practices and responsive teaching strategies, including the use of assistive technology for inclusive early childhood environments. (4a, 4b, 4c)
- 4. Describe the role and use of formal and authentic assessments including those used for identification of exceptionalities, eligibility for services, and instructional program planning. (3a, 3b, 3d)
- 5. Recognize the importance of collaboration with professional colleagues to support appropriate programming for children with exceptionalities, integrating families, schools, and community resources. (2b, 2c)
- 6. Create a habit of reflection and intentional practices as an early childhood educator (6e)

National Association for the Education of Young Children (NAEYC) Standards and Competencies

The Professional Standards and Competencies for Early Childhood Educators is a position statement of the National Association for the Education of Young Children that is held on behalf of the early childhood education profession.

The following NAEYC Standards and Competencies are addressed in this course.

Standard 1: Child Development and Learning in Context

1a: Understand the developmental period of early childhood from birth through age 8 across physical, cognitive, social and emotional, and linguistic domains, including bilingual/multilingual development.

1b: Understand and value each child as an individual with unique developmental variations, experiences, strengths, interests, abilities, challenges, approaches to learning, and with the capacity to make choices.

Standard 2: Family–Teacher Partnerships and Community Connections

2b: Collaborate as partners with families in young children's development and learning through respectful, reciprocal relationships and engagement.

2c: Use community resources to support young children's learning and development and to support families, and build partnerships between early learning settings, schools, and community organizations and agencies.

Standard 3: Child Observation, Documentation, and Assessment

3a: Understand that assessments (formal and informal, formative and summative) are conducted to make informed choices about instruction and for planning in early learning settings.

3b: Know a wide range of types of assessments, their purposes, and their associated methods and tools.

3d: Build assessment partnerships with families and professional colleagues.

Standard 4: Developmentally, culturally, and linguistically Appropriate Teaching Practices

4a: Understand and demonstrate positive, caring, supportive relationships and interactions as the foundation of early childhood educators' work with young children.

4b: Understand and use teaching skills that are responsive to the learning trajectories of young children and to the needs of each child, recognizing the differentiating instruction, incorporating play as core teaching practice, and supporting the development of executive function skills are critical for young children.

4c: Use a broad repertoire of developmentally appropriate, culturally and linguistically relevant, anti-bias, evidence-based teaching skills and strategies that reflect the principles of universal design for learning.

Standard 6 – Professionalism as an Early Childhood Educator

6b: Know about and uphold ethical and other early childhood professional guidelines.

6e: Develop and sustain the habit of reflective and intentional practice in their daily work with young children and as members of the early childhood profession.

Course Policies

As candidates in the Early Childhood Education program, you should strive to obtain as much knowledge and improve skill sets that will aid your work as a future educator. As a NSCC student working in an online environment, you should be courteous, thoughtful, detailed, and diligent in your coursework. Lack of initiative or motivation will make it more difficult for you to complete this course successfully. Remember your WHY. You're here to make a positive impact in the lives of children and families and grow as an early childhood professional. This requires you to take advantage of the learning opportunities offered in this course.

Student Responsibilities

My goal is for you to excel in this class and to develop the skills necessary to succeed in your chosen career. However, you have the major responsibility for doing well. Achievement of course objectives will require you to know what you need to do to improve your performance and do it. You are expected to research all materials and software needed to complete your projects, apply the feedback returned to you, and document your process throughout. You cannot meet the objectives of this course by being a passive learner. As the semester progresses, you should be able to implement several ideas to improve your performance. In addition, you are expected to ask questions to clarify expectations, evaluations, or other aspects of the course not clear to you. Schedule 5-7 hours per week to complete the content, discussions, activities, quizzes, and projects. Check your NS Online email regularly inside this course.

Nashville State provides many student resources for academic and personal support; see the "Nashville State Community College Resources" section of this syllabus for more information.

Academic Integrity and Student Authentication

This course strives to utilize scholarly writing and plagiarism detection tools like Turnitin. The use of artificial Intelligence such as *ChatGPT*, *iA Writer*, *MidJourney*, *DALL-E*, *etc.* to complete course activities and projects is prohibited. Cheating, in any form, robs you of your opportunity to learn and master the material that will enable you to succeed in your future career. Nashville State has a clear <u>Academic Misconduct Policy</u> that you are expected to follow. The instructor has the authority to assign an "F" or a "zero" for such violations or for the term grade.

Contact Preferences

As we learn in this course, communication preferences vary. I do my best to communicate with you through a variety of formats. Email or text is preferred as my primary modes of contact. Be sure you use your NSCC student email and put "ECED 2360" in the email header. State your

question or issue in detail so I can answer it effectively. Reply times may vary from 24-48 hours but I may answer you sooner if I am available. I am available during working hours and by appointment (see Instructor Schedule listed in Getting Started Module).

Instructor Presence/ Communication Plan

You can expect a weekly email update reviewing the module expectations and assignments as well as a video to supplement an overview of materials. You can expect feedback on course assignments between 7-10 days of the due date. You will be notified if there is a need to vary this schedule.

Please review all your assignment feedback. I provide you with details on what you did well and how you can improve. This remains critical as you continue to progress through the course.

Communication is key. I encourage you to reach out with any questions, comments, and even ideas (check out the cafe on the discussion board). We learn through collaboration.

Participation/Attendance

Participation in this course is dependent entirely upon the student. Along with the required readings and assignments, this course will challenge you to prioritize good time management. You should make it a point to regularly login to the NS Online course at least 3 times a week to check course announcements, posts and respond to weekly assignments, and to communicate effectively with the class and the instructor. Online courses do abide to the Code of Federal Regulations (see NSCC Student Course Engagement Record-Keeping and Reporting) and will be required to submit assignments within the first three weeks of the semester within NS Online D2L.

Time Management/Expectations

This online course may require approximately 5-7 hours each week to complete all necessary assignments. Just like in face-to-face courses, students may be expected to expect 2-4 hours of homework per credit hour on average in a college course. Associated weekly readings and assignments will also be expected to be completed quickly so plan accordingly. **Pro Tip:** Access the course early in the week and manage time accordingly to complete weekly expectations. Treat this course like a part-time job and set aside several hours a week to dedicate to completing your projects and weekly assignments. Some weeks may be lighter than others, but the work ethic you represent will affect your ability to meet the course learning objectives and successfully pass this course.

Late Work

See the Couse Schedule and Assignment Due Dates for specific dues dates for each assignment. All due dates are Central Standard Time. To receive full-credit, assignments must be submitted on time. Students who need an extension beyond the due date should send an email request 24 hours prior to the due date.

Assignments with an approved extension can be submitted up to 7 days beyond the original due date. Late assignments (any work submitted beyond the due date and time) will have points deducted: There is a 10% deduction based on total points possible, for any assignment submitted after the due date. See example below:

EXAMPLE: An assignment worth 100 points is due Nov. 10th. A student submits the assignment after the due date, but by Nov. 17th, a week later. The assignment is late and will have 10% (10 points) deducted from the total score. As for grading, if you turned in the assignment late and earned 90, 10 points will be deducted, and your final score will be 80.

Assignments submitted late will be graded as time allows, and by the end of the semester.

It's important to keep on track in the course. Continuously delayed submissions will only cause you to fall farther behind. If you are having trouble, please communicate with the course instructor.

Discussions, and Exams are not accepted beyond the due date. No assignments will be accepted beyond the last day of the semester.

Document Formatting and Submission

Students must submit assignments in Microsoft Word format, or PDF format using 12-point font. Spelling, grammar, and punctuation are important so make the effort to submit your best work. All assignments must be submitted to the Assignment Dropbox to receive a grade.

Student Netiquette

I expect you, and your peers, to act as professionals throughout the entirety of the course. This includes posting contributions for communications, discussion contributions, consistent documented progress, and meeting of all established milestones and deadlines. In this course, you are expected to comply with the NSCC Standards for Netiquette, which emphasizes respect, dignity, and integrity.

Assignment Descriptions

For each of the activities listed below, be sure to follow the deadlines provided on the **Course Schedule**, which is available in the Getting Started Module.

Formative Assignments

• **Getting Started Activity:** These activities will be completed in week one and allow each student to reflect understanding of the course expectations and learning objectives. The activity will collect general information about a student's experience working with young children, degree plan, and contact information. Each student will upload a photo to the online profile. There will be a quiz to assess understanding of course expectations. There will be an Introduction Discussion for each student to introduce

- themselves to the instructor and peers. Also included in the Getting Started Activity is a syllabus sign off that will be sent through the course email. This allows each student to learn how to use the course tools and connect with the instructor through the course email in D2L.
- Discussions: Module discussions are a place where students come together to share
 perspectives and collaborate on ideas from course content. Each student will make an
 original post, review peers' posts, and provide a thoughtful response to at least two of
 their classmates. There is a discussion grading rubric to communicate discussion
 expectations and criteria. Discussion must be submitted by the deadline to earn points.
 rubric. Then the student will create a plan of action by answering questions related to
 the completion of the project.
- Module Assignments: Assignments are completed by Sunday at 11:59 PM. These
 Assignments are found within each Module as well as on the class due dates and
 assignments document. Assignments include readings, watching videos, research, and
 written assignments. The written assignments will be submitted to the Assignment
 Dropbox for grading.
- **Fieldwork:** Fieldwork consists of 4 hours of Classroom Observations in an inclusive classroom serving children between birth and 8 years of age. There must be children with diagnosed disabilities enrolled. Once observations are complete you will write a reflection based on your observations by answering questions. Fieldwork also consists of researching agencies in your home/work community that provide services to young children (birth -8 years of age) diagnosed with intellectual or developmental disabilities.

Summative Assignments

- **Exams:** Students will complete two guizzes and a final exam.
- **Community Agency Resources:** Students will research 5 community agencies, answering questions provided by instructor and create a one-page handout describing one agency to share with other students in the course.
- **Fieldwork Observation and Reflection:** Students will complete observations in an inclusive setting and write a reflection based on the completed observations.
- Inclusive Practices Culminating Assignment: Students will complete the Inclusive Practices Culminating Assignment by viewing different videos multiple times to observe best practices. Students will evaluate four important aspects of inclusive practices experienced by a child with disabilities in an early learning setting/program. Students will utilize the Universal Design for Learning (UDL) principles to reflect on their understanding of inclusion and its meaning to them as future professionals in the writing of a reflection paper. This is a key assessment, and all candidates must submit this assignment to pass the course.

Grading Policy and Feedback

There are several gradable elements in this course. Be sure to review the grade scale to view each assessment and the associated points. Be sure to follow the associated rubrics for assignments. The instructor will provide feedback on each assignment. The purpose of the feedback is to improve your work and you should strive to reflect and improve your own learning when given these opportunities.

Grades are posted in the Gradebook on NS Online. All your grades are visible to you, and you can track your progress in the course. If you have questions about grades please email the instructor using the course email in D2L.

All Early Childhood Education Majors must earn a grade of C or better to pass the course. Any student who does not submit both projects and/or earns a grade lower than C will be required to retake the course to earn credit towards degree completion.

Rubrics

This class uses rubrics. A rubric is a scoring guide for assignments that details criteria for earning points. It is expected that students follow instructions carefully, study the grading criteria, and ask questions if they do not understand an assignment. For some assignments, you will be required to complete the grading rubric as a self-grading component of the assignment. The purpose of this self-grading is to focus your attention on the expectations for the assignment and enhance your own self-evaluation and critical thinking skills. Completing the rubrics will help you practice self-assessment and identify areas for improvement; these are very important skills for early childhood professionals. Even though you may submit a self-scored rubric, the instructor will make the final determination on all grades and scores.

Grading Scale and Weighting

Grade Weighting: Each assignment in the course will count towards a calculated weight distribution.

Assessment	Points	Approximate
		Percentage of Grade
Getting Started Activity (1)	12	2.5%%
Student Profile		
Student Photo		
 Email Confirmation Syllabus Statement 		
Getting Started Quiz (1)	5	1%
Inclusive Practices Culminating Assignment	10	1.5%
Review Quiz (1)		
Module Discussions (8 @ 10 pts each)	80	12%
Module Assignments (6 @ 20 pts each)	120	18%
Fieldwork Observation and Reflection (1)	100	14%
Quizzes (2 @ 50 pts each)	100	14%
Final Exam (1)	100	14%

Community Agency Resources Assignment (1)	50	7%
*Inclusive Practices Culminating Assignment (1)	110	16%
*Each student must submit the Inclusive	Total Points:	100%
Practices Culminating Assignment to pass the	687	
course.		

Grade Scale

- A = 90%-100%
- B = 80-89%
- C = 70-79%
- D = 60-69%
- F = below 59%
- FA (never withdrew and stopped attending)
- FN (never attended)

According to NSCC policy, an FA is awarded to students who do not officially withdraw from a course and do not attend after the cut-off date provided in the academic calendar. Please refer to the current academic calendar available on the Nashville State web site, looking for the date that indicates it is the "Last Day to Earn F for Attendance (FA)." Students who stop attending on or before this date receive an FA; students who stop attending after this date receive an F. An FN is awarded to students who never attended class.

For online courses, attendance is defined by submission of assignments. Students who fail a course and whose last assignment is submitted on or before the FA date will earn an FA for the course. Students who fail a course and whose last assignment is submitted after the FA date will earn an F for the course. An FN is assigned to students who do not submit any assignments.

Technology Statement

- All classes at NSCC are web enhanced.
- It will be essential for students to have access to a computer and an internet connection to complete assignments, engage in online discussions, and access various course materials and technologies through D2L/NS Online course shells.
- Students may also be required to use free video conferencing platforms (ex: Zoom, Teams) for classes and meetings.
- Students will be responsible for appropriate dress while on video, to ensure a
 distraction free environment (mute sound as needed) and to ensure their background is
 neutral for others to view.
- If you have questions or concerns regarding access to a computer or internet resources, please review <u>Nashville State's Laptop Loaner Program and Internet Access</u> information or contact your instructor.

• Certain publisher materials or supported technologies may not work on cell phones, mobile devices, or Chromebooks.

Minimum Technology Requirements

Students taking courses that utilize online learning will be required to access a reliable computer and high-speed internet. You should have or will acquire the following technology skills throughout this course:

- 1. Downloading and installing software applications.
- 2. Using Microsoft Office 365 (or similar alternative software) to draft and save in multiple file formats.
- 3. Copying and pasting between documents and D2L. To **select all** press and hold *Ctrl* (the control key) on the keyboard and then press the *A* on the keyboard. To **copy**, press and hold *Ctrl* and then press the *C* on the keyboard. To **paste**, press and hold down *Ctrl* and then press *V*.
- 4. Communicate effectively using a webcam and microphone in synchronous interactions using supported video conferencing tools (Zoom or Microsoft Teams) to participate in video conferencing sessions, view recordings, or create recordings (if applicable).
- 5. Using D2L to upload files, post to discussion boards, complete tests, and submit files and assignment entries (where applicable).
- 6. Using NSCC email accounts to communicate with your instructors.

If you need additional support with any of these technology skills, please schedule an appointment with the <u>Learning Center</u> to meet with a Tech Tutor.

You should also have access to the following software and hardware:

- Computer or Laptop; Chromebooks or mobile devices may not be sufficient.
- High-Speed Internet
- Internet Browsers: Google Chrome and Firefox are the recommended browsers to use with NS Online D2L.
- Install Office 365 (free)
- Mandatory Accessory: Webcam (built-in or external)
- Recommended Accessory: Noise-cancelling headphones/microphone (external, not one built into your computer)
- Student Wi-Fi Zones: Wi-fi is available for students on all campuses.

 How to Login to Student WiFi: Nashville State also has WiFi Zones in designated parking areas at its White Bridge, Clarksville, Humphreys County, and Southeast campuses.

Computer Labs

Computers are available for all Nashville State students to use at each campus during open hours. Open computer lab availability may vary from campus to campus.

You should check the NSCC website for current hours of operation.

NS Online/ D2L

It is students' responsibility to check D2L/NS Online course shells for all enrolled courses and myNSCC, including student email, on a regular basis. These are the official communication channels between the college and students, who are responsible for the information communicated through those channels. D2L/NS Online contains specific course information and myNSCC contains information important for other purposes. To register or access Nashville State online courses, go to NS Online. NSCC web courses have a "W" section number. Any course ending with section number R50 is a TN eCampus course.

Student Email

Find student email within Office 365. Use your student email address as the login ID and your myNSCC password. Download the Microsoft Office suite once you are logged in by clicking the "Office 365" download link on the upper left.

ADA Compliance Statement

Nashville State complies with the Americans with Disabilities Act (ADA). Nashville State complies with the Americans with Disabilities Act (ADA) and so provides accommodations for students with a documented physical, emotional, and/or learning condition. If you require accommodations for any courses in which you are enrolled, contact the Access Center at 615-353-3363, or e-mail accesscenter@nscc.edu. If you are registered with the Access Center and require an alternate format for the textbook and other course materials, please contact the Access Center.

Academic Misconduct

Any form of academic dishonesty, cheating, plagiarizing, or other academic misconduct is prohibited. Students are responsible for understanding and abiding by the <u>Academic Misconduct Policy</u> in the Nashville State Student Code of Conduct. In addition to other possible disciplinary measures that may be applied through regular college procedures as a result of academic dishonesty, the instructor has the authority to assign an "F" or a "zero" for the exercise, paper, or examination, or to assign an "F" for the course. Students may appeal through the appropriate college grade appeal procedures.

Classroom Misconduct

Nashville State Community College has a zero-tolerance policy for disruptive conduct in the classroom. Students whose behavior disrupts the classroom will be subject to disciplinary

measures. Please review the <u>Nashville State Student Code of Conduct policy</u>. Please be aware that children are not allowed in class or to be left unattended on campus.

Sexual Misconduct Policies

It is the policy of Nashville State Community College, in order to maintain an environment in which the dignity and worth of all members of the institutional system are respected, that sexual harassment of employees or students is prohibited. Such conduct is a form of behavior, which seriously undermines the atmosphere of trust essential to the academic environment. This policy is consistent with federal and state laws prohibiting sex discrimination. It is also a policy of the University that willful false accusation of sexual harassment shall not be condoned. Review NSCC's Sexual Misconduct Policies.

Copyright

Nashville State Community College urges everyone in its community to abide by the computer acceptable use policy and comply with copyright law. Copying or sharing music or other copyrighted material, including software, without a permissible copyright defense, such as Fair Use, or a valid license, is not only a violation of the colleges and the Tennessee Board of Regent's policies, but also illegal. It may have dire personal consequences and jeopardize the individual's continued enrollment or continued employment, as well as future job prospects.

Acceptable Use Policy (PDF)

Academic Early Alert System

Nashville State Community College uses an Early Alert System to let students know of a faculty member's concern in one or more of these academic areas: lack of attendance, lack of classroom participation, late or missing assignments, and/or poor performance on assignments/tests. *Please note that Early Alerts do not affect a student's academic standing. If you receive an Early Alert email, please see your instructor and your academic advisor as soon as possible.

Student Wellness

Your well-being is important to us. With this in mind, the college has several resources available to provide support when needed:

- <u>Free tutoring</u> provides assistance beyond the classroom to help you make the most of your college education.
- <u>These resources</u> include NSCC email, scheduling, online courses, textbooks, tech check
 out and support, computer labs on campuses, academic advising, financial advising, and
 procedures on campuses.
- <u>Services</u> that help with bus passes, food, childcare, textbooks, housing, financial counseling, personal counseling, suicide prevention, health insurance.

Equity Statement

Nashville State Community College has a relentless commitment to the transformation of our institution through the intentional design of college experiences that expect and promote excellence from students, faculty, staff, and administration. We consider equity to be an obligation of higher education. We strive to ensure that each student receives what that student needs to be successful, with goals of success beyond the classroom. We do this through an evidence-based and collaborative effort, understanding that our student population has diverse needs that must be addressed. We recognize that this effort may not always be comfortable and that partnering with students is the driving force to overcome barriers to success.

Academic Freedom

"Teachers are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matters which have no relation to the subject." The preceding comes from the <u>American Association of University Professors' statement on academic freedom</u>. Though the entire statement speaks to many issues, it is this portion on the conduct of the course that is most relevant. This means that faculty members have the right to conduct their classes in a fashion they deem appropriate as long as the material presented meets the learning objectives laid out by the entire faculty.

Financial Aid and Attendance

The College is not an attendance taking institution as defined by <u>34 CFR 668.22(b)(1)</u> in the Code of Federal Regulations; however, students are expected to attend all scheduled classes and laboratories.

- Absences in a course may affect a student's final grade.
- Tardiness may also affect a student's final grade.
- Students are responsible for all work/tests that occur during any missed class session(s) regardless of reason(s) for absence.
- Students who are sick or not well enough to attend class must notify the instructor as soon as possible before the scheduled class time, unless incapacitated or unable to do so. In that case, students must contact the instructor as soon as reasonably possible.
- If a student has an unavoidable conflict with a scheduled class session, students must notify the instructor, preferably before the class session, or as soon as possible.

For purposes of financial aid continued attendance is determined via engagement in the course. This can be accomplished in several ways including, but not limited to, continued attendance and/or participation in on-ground class sessions, participating in D2L as prompted (e.g., responding to an instructor's email, posting to a discussion board), and/or completing and submitting assignments.

Inclement Weather, Campus Closings, and RAVE

Emergency events can happen at any time, and Nashville State Community College wants to notify students if and when they occur. For this reason, all students can log in to this free alert system to receive text messages about emergencies related to NSCC campuses: https://www.getrave.com/login/nscc.

Nashville State will use the RAVE alert system to send a text message to students, staff, and faculty about adjusted hours of operation and/or closings at individual campuses. All students should check the Nashville State web site home page at www.nscc.edu for announcements on campus closures, which may vary from campus to campus. Campus closures will also be announced on local television stations. Students should use their own best judgment in determining whether to report to campus during inclement weather when classes are not cancelled.

Your RAVE Username is your NSCC email address. If you have never received an email from RAVE with your password, or if you need to reset your password, select "Forgot your password?" and a new password will be emailed to you. Should the RAVE system indicate "user not found", select Register and create your own RAVE account.

Even when campuses are closed, students are still responsible for completing all assigned work. When classes are cancelled, faculty will post online assignments and any additional instructions in the D2L/NS Online course shell. Check D2L/NS Online for a message from your instructor regarding your online assignment requirements. Faculty have discretion over adjusting deadlines or due date for assignments, but students are responsible for completing all assigned work by the due date established by the instructor.

Class Cancellation Policy (not applicable to online classes)

If the class is cancelled, the instructor will notify all students by posting in the D2L/NS Online course or e-mailing through D2L/NS Online. In the event of class cancellation, students must access D2L/NS Online to complete classwork and the assignment that will be posted in the course D2L site.
