### Grading Policy:

#### Timed Writings

Students will complete several timed writings throughout the semester at the [Gregg College Keyboarding Website](#). After the student completes a timed writing, the keyboarding software will automatically calculate the speed (words per minute) and number of errors. Selected timings will be chosen for grading. The graded timed writings will be **three minutes** in length

with an error limit of **three errors**. If the timing has more than three errors, a grade of **zero** will be recorded. Each timed writing is worth **50 points**. **The two lowest timed writing grades will be dropped.**

### **Word Processing Documents**

Students will use Word to complete assigned word processing documents throughout the semester and submit the documents at the keyboarding website. After the student submits the document to the GDP website, the software will automatically calculate the number of errors on the document. Selected documents will be chosen for grading. Each graded word processing document is worth **20 points**. **One half point will be deducted for each keystroking error and formatting alert on the document. The two lowest word processing document grades will be dropped.**

### **Discussions**

An assigned discussion question will be posted on the discussion board by your instructor. Participation in the discussion is required and will be counted as part of the final grade. A discussion grading rubric will be used to evaluate the discussion.

### **Quizzes**

Lesson review quizzes will be assigned periodically throughout the semester in NS Online. Quizzes will be scored automatically after they are submitted, and grades should be posted immediately.

### **Tests**

Two tests (a midterm test and a final exam) will be given during the semester. Tests will be completed in NS Online. Tests must be completed by the **DUE dates**.

### **Grading Scale:**

Letter Grade	Percentage Range
A	90-100%
B	80-89%
C	70-79%
D	65-69%
F	64% or below

### **FA**

If you stop attending class or if you are in an online class and stop submitting assignments, but do not turn in a withdrawal form by the deadline, you are still enrolled in class. You will be given a grade of FA, which means you have failed due to not attending class and not completing your assignments. Please refer to the current academic calendar available on the Nashville

State web site, looking for the date that indicates it is the “Last Day to Earn F for Attendance (FA).” If you stop attending your course after this date, you will receive an F.

## **FN**

An FN is awarded if you have never attended your course or done any of the work in an online course.

### **Late Work Policy & Make-up Procedures for Missed Assignments and Work:**

Tests must be completed by the **DUE dates**.

The attendance policy for this course is the following: Attendance in this course is critical to success. A student is expected to attend all scheduled classes. In online courses, attendance is determined by online communications and is based on the student’s completing assignments, quizzes, discussions, and tests by the due dates.

A successful outcome to this course requires students to complete and submit assignments and tests as outlined by the instructor. Students are expected to manage their schedules in order to complete their assignments and tests by the due dates.

Absences in a course may affect a student's final grade. The student is responsible for all assigned work in the course regardless of excused or unexcused absences.

If for any reason it is not possible for you to continue with the class, it is your responsibility to complete and process a form to officially drop the class by the last withdrawal date for the current semester, which is listed in the Nashville State catalog.

**For financial aid purposes, attendance** is measured by participation in the course. Instructors can determine your level of participation in several ways. Some of those ways are the following:

- continued attendance
- participation in on-ground or virtual class sessions
- participating in D2L as prompted
- responding to an instructor's email
- posting to a discussion board
- completing and submitting assignments

### **Technology Statement**

- All classes at the College are web enhanced. "Web enhanced" means that components of the course, such as assignments and online discussions, may be located online in the class D2L/NS Online course shell and used in the course, even if the course meets in a classroom on ground.
- You must have access to a computer and an Internet connection to complete assignments, engage in online discussions, and access various course materials through D2L/NS Online course shells.
- You may also be required to use free video conferencing platforms (examples: Zoom, Teams, etc.) for course sessions and meetings.
- You will be responsible for appropriate dress while on video. This means that you are expected to dress as if you were in a classroom.
- You will be responsible for a distraction free environment while on video. This means that the professor and others in the course should not be able to hear noise in your home, such as cell phones, TVs, or barking dogs. The best way to do this is to keep yourself on "mute" until you need to speak.
- You will be responsible for making sure your background is neutral. Keep in mind that students and professors come from all around the world, and you are all a part of our community. Therefore, please avoid having images in your background that may be offensive to your classmates.
- Certain publisher materials, such as textbook figures, may not work on cellphones and may require a laptop or a tablet.
- If you have questions or concerns regarding access to a computer or internet resources, please contact your instructor. Additional information is available on the [access to internet and technology website](#).

## **ADA Compliance Statement**

If you need accommodations due to a disability, please do not hesitate to reach out to our Access Center. Disabilities for which you can receive accommodations include documented physical, emotional, and/or learning conditions. Nashville State is committed to supporting your success, and we encourage you to get assistance if needed. ## **Classroom Misconduct**

Disruptive conduct is not allowed in the classroom. Disruptive conduct is any behavior that prevents students from learning and interferes with the ability of the instructor to teach. This may change from course to course; therefore, your individual instructors will give you guidance on what qualifies as “disruptive conduct” in their courses. Please review the [Nashville State Student Code of Conduct policy](#). Please be aware that children are not allowed in class or to be left unattended on campus.

## **Academic Misconduct**

You have started this academic journey to prepare for a future career. Because of this, it is important that you learn the materials being presented in your courses. For this reason, cheating, in any form, robs you of your opportunity to learn and master the material that will enable you to succeed in that future career. Nashville State has a clear [Academic Misconduct Policy](#) that you are expected to follow. In addition, your instructors will clarify what Academic Misconduct looks like and the consequences for violations in each course that you take. The instructor has the authority to assign an “F” or a “zero” for such violations or for the semester grade.

## **Academic Early Alert System**

If you are not doing well in your course, your instructor may send you an Early Alert through your @my.nsc.edu email. This email will go to your academic advisor and Student Success advisor, as well. If you get an Early Alert, contact your instructor immediately. Instructors send these when they want to help you figure out how to get extra support to pass the course. An Early Alert does not mean that you have already failed the course. Rather, it means you are in danger of failing the course if you do not change your learning strategy. Please use an Early Alert to your advantage and as an opportunity to improve your grade.

## **RAVE Emergency Alert System**

You can log in to this free alert system to receive text messages about emergencies related to NSCC campuses: <https://www.getrave.com/login/nsc>. The instructions for this are listed below.

## **Inclement Weather & Campus Closings**

You get notices about campus closings in these places: text messages from RAVE and [www.nsc.edu](http://www.nsc.edu).

Even when campuses are closed, you are still responsible for completing all assigned work. Check D2L/NS Online for a message from your instructor so you do not miss important assignments and due dates, which may change due to the campus closure.

### **Class Cancellation Policy**

Our instructors post messages about cancelling classes in the D2L/NS Online course shells and/or on the classroom door on campus. These messages can be found in the News and Content section or the Email tab in the online shell. Please check these to be sure that you take advantage of opportunities for learning and points toward your grade.
