- **Objective 2:** Learning fundamental principles, generalizations, or theories
- **Objective 4:** Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course

Topics to Be Covered:

- Components of Literacy
- Planning for Literacy
- Literacy for Infants and Toddlers
- Literacy for Preschoolers
- Talking (oral language)
- Playing (literacy-enriched play)
- Reading (books and other texts)
- Writing (early writing experiences)
- Learning the Code (alphabet knowledge and phonological awareness)
- Family Connections

Field Experiences:
*Learning about early childhood education requires you to interact and engage with young children, families, and teachers throughout the ECED coursework. Some assignments in this course may require you to observe and/or engage in activities with young children from age’s birth through age 8. (See specific instructions on assignments.) You may be able to complete these experiences with children in informal settings such as family or relatives’ homes, but it is preferable, if possible, to do these experiences in an early childhood program such as a childcare center or family childcare home. These experiences require the student to be in the “teacher” role; thus, it is not acceptable to do these with your own children.*

Course Assessments: We will use the following assessments to demonstrate your understanding, knowledge, and skills:

1. **Literacy Implementation Plan** – Assess and develop a literacy implementation plan for a classroom or a home care setting. Note, you will need to visit an early childcare setting/classroom to complete this project.
2. **Teacher-Made Book:** Make one teacher-made book to share with the class.
3. **Exams:** Complete a midterm and final exam.
4. **Fieldwork** – Complete fieldwork assignments in connection to the topic reviewed in class and from chapter readings.
5. **Class participation** – Students must read their assigned chapters and be active participants in class.

**Two individual projects are required:** Teacher-Made Book and Literacy Implementation Plan. You are required to submit both projects to receive a passing grade in this course. These are major assessments in the course that demonstrate your knowledge and skill in teaching language and literacy in early education; completion of these is mandatory for passing the course.

**FA**

If you stop attending class or if you are in an online class and stop submitting assignments, but do not turn in a withdrawal form by the deadline, you are still enrolled in class. You will be given a grade of FA, which means you have failed due to not attending class and not completing your assignments. Please refer to the current academic calendar available on the Nashville State web site, looking for the date that indicates it is the “Last Day to Earn F for Attendance (FA).” If you stop attending your course after this date, you will receive an F.
An FN is awarded if you have never attended your course or done any of the work in an online course.

**Late Work Policy & Make-up Procedures for Missed Assignments and Work:**

Students are encouraged to turn in all assignments on time. If you miss a due date, you may turn in the assignment late, up to one week beyond the due date, but no later. Ten percent (10%) of the points for an assignment will be deducted on late work. No assignments will be accepted more than one week late, and no assignment will be accepted beyond the last class meeting. It is the student’s responsibility to make sure the instructor receives the assignment if it is turned in late. See example below:

**EXAMPLE:** An assignment worth 100 points is due Feb. 10th. The next class meeting is Feb. 17th, a week later. If not turned in on Feb. 10th, then it is considered late and will have 10% (10 points) deducted from total score. You have up until Feb. 17th to turn in the assignment, but no later. As for grading, if you turned in late and earned 90, 10 points will be deducted, and your final score will be 80.

**Assignment Expectations:**

Students must submit assignments in Microsoft Word format, PDF, or Rich Text Format (RTF) using 10- or 12-point font. Spelling, punctuation, grammar, and sentence structure will be taken into consideration in grading all assignments. Assignments should reflect college-level work. Points will be deducted for numerous errors.

**Grading Turn-around:**

In general, assignments submitted on time will be graded within 7-10 days of submission due dates. You will be notified if there is a need to vary this schedule. Assignments submitted LATE, will be graded by the end of the course.

**Communication with Instructor - Questions on Assignments:**

Any time you have a question as you progress through the course, please contact me by phone, email, or in person. My contact information is on the course homepage and the Instructor Contact Information page. To email me, please use the email in our course to contact me regarding course questions. Click on the Classlist link and then select the Teacher tab. Select the box next to the instructor’s name (a checkmark will display). Click the envelope (below the name), key your message, and click send. If that email is unavailable, you may contact me at my outside email address. Please feel free to ask questions, and I will do my best to get back with you in an efficient manner.

**Communication Response:**

You can expect a response to your email within 24-48 hours. You will be notified if this schedule cannot be kept.

**Grading Rubrics for this Course:**

Detailed instructions and grading criteria (grading rubrics) are provided for each assignment. The grading rubrics will be used to award points earned for student work. It is expected that students follow instructions carefully, study the grading criteria, and ask questions if they do not understand an assignment. For some assignments, you will be required to complete the grading rubric as a self-grading component of the assignment. The purpose of this self-grading is to focus your attention on the expectations for the assignment and enhance your own self-evaluation and critical thinking.
skills. Even though you may submit a self-scored rubric, the instructor will make the final determination on all grades and scores.

Classroom Misconduct
Disruptive conduct is not allowed in the classroom. Disruptive conduct is any behavior that prevents students from learning and interferes with the ability of the instructor to teach. This may change from course to course; therefore, your individual instructors will give you guidance on what qualifies as “disruptive conduct” in their courses. Please review the Nashville State Student Code of Conduct policy. Please be aware that children are not allowed in class or to be left unattended on campus.
Academic Misconduct

You have started this academic journey to prepare for a future career. Because of this, it is important that you learn the materials being presented in your courses. For this reason, cheating, in any form, robs you of your opportunity to learn and master the material that will enable you to succeed in that future career. Nashville State has a clear Academic Misconduct Policy that you are expected to follow. In addition, your instructors will clarify what Academic Misconduct looks like and the consequences for violations in each course that you take. The instructor has the authority to assign an “F” or a “zero” for such violations or for the term grade.

Academic Early Alert System

If you are not doing well in your course, your instructor may send you an Early Alert through your @my.nscc.edu email. This email will go to your academic advisor and Student Success advisor, as well. If you get an Early Alert, contact your instructor immediately. Instructors send these when they want to help you figure out how to get extra support to pass the course. An Early Alert does not mean that you have already failed the course. Rather, it means you are in danger of failing the course if you do not change your learning strategy. Please use an Early Alert to your advantage and as an opportunity to improve your grade.

RAVE Emergency Alert System

You can log in to this free alert system to receive text messages about emergencies related to NSCC campuses through the RAVE app (https://www.getrave.com/login/nscc). The instructions for this are listed below.
